Title: A Journal

Author: Avery.  
-----

I've received yet another  
report of strange  
activities taking place  
below the City. I keep  
meaning to investigate but  
there never seems to be  
enough time or enough  
available hands to take  
care of things.

I'll try to have a look  
tonight after this Council  
meeting nonsense is over.
